

# Scheduling Appointments To Best Serve You

It is our goal to give each of our patients the care and attention we feel will assist them in achieving the best results possible. As a result, appointment times may vary per patient based on their individual needs in treatment. Our office is open **Monday/Wednesday 7:30am-5:15pm, Tuesday/Thursday 8:00am-6:00pm, & Friday 8:00am-2:00pm.**

Retainer checks	10-15 minutes

---

As a part of your and/or your child's treatment, seeing them on a regular basis is imperative to stay on schedule for us to achieve the best results. Our office understands that school and work are important factors of everyday life, and because of that our office is happy to offer before school, lunch time, and after school/work appointments. Due to the high demand for these appointments, there may be times when your child will need to be seen during school or work hours. In these instances, we will provide your child with a school excuse or any necessary documentation that is recognized by all schools in the area to excuse their absence for a medical visit.

---

**Extra-Care Appointments:** Sometimes a broken bracket, poking wire, o-ring (the colors on your braces), etc. may break, poke, or come off while you or your child are in treatment. If something is bothering you or causing discomfort, please give us a call if you or your child need an extra-care appointment. We will also be happy to provide you with a note to return to school/work for extra-care or repair visits as needed. If nothing is bothering you, we are happy to repair the issue at your next scheduled visit.
